NOTE: The replacement figure of older cut diamond is based upon the modern cut equivalent of the same estimated weight, colour and clarity. Due to setting constraints, the exact dimensions of the diamonds cannot be ascertained. Therefore, weights of the diamonds are very much estimated. For accurate testing, weights, colour, and clarity gradings, the diamonds require removal from the settings. The below replacement figure is based upon crafting a similar ring employing similar materials and techniques being for a retail insurance purpose only. This figure does not represent the previous selling price of the item and will not be indicative of the resale value of the item.
