PURELY ORIGINAL. SIMPLY PERFECT

**K A I L I S**®

*For over thirty years, the Kailis family has farmed fine Australian South Sea pearls from the pristine waters off the North West coast of Australia. Every Kailis™ pearl has been grown in this remote part of the world. An area of incomparable natural beauty and isolation, it is also the home of the inimitable Pinctada maxima oyster. There are many types of pearl producing oysters, however none produces pearls of the size and lustre of the Pinctada maxima. Every Kailis™ pearl is born from the Pinctada maxima oyster. It takes two years of care and dedication to produce a single Kailis™ pearl, but the Kailis™ commitment to quality does not stop there. Kailis™ pearls are hand-selected from the annual harvest with only those naturally possessing the finest qualities of surface and lustre selected for the jewellery.*

*This document certifies that your authentic Kailis™ pearl or pearls with certificate no.*

**200908**

Each pearl is unique and actual item may vary slightly from image displayed. The jewellery may appear smaller or larger than actual size and may not represent how the piece is worn.
