### Valuation for Traditional Retail Insurance Replacement

#### Item 1

One, 20ct yellow gold and rhodium plated, gem set, necklet of hand-assembled construction.

Feature central drop cluster, comprising of: one large round decorative bead (to the centre), six various spacer beads, and two 'barrel' shaped decorative beads. There are also two round beads, each embellished with eight round synthetic cubic zirconias, claw set. The decorative beads have a 'swirl' design, textured finish and have been rhodium plated. The cluster is secured on both sides to a square 'box' style chain, with two smaller round decorative beads, fixed further up the chain. The necklet is finished with a 'hook' and 'loop' style clasp.

Chain dimensions = 45.00cm (ave. length) x 0.80mm (ave. width) x 0.80mm (ave. depth).

Polished finish.

Stamped '6P' - x-rayed as approximately 20 carat gold.

The necklet contains:

Sixteen claw set round synthetic cubic zirconias, colour is "colourless".

Dimensions (average) = 3.30mm(Dia) x 2.01mm(D-estimated) x 2%(Bulge)

Total Weight = 3.70ct (estimated - see NOTE below)

Total Item Weight = 11.13 grams

Total Gemstone Weight = 3.70ct

Total Metal Weight = 10.39 grams (estimated)

NOTE: Due to setting constraints, the exact dimensions of the gemstones cannot be ascertained. Therefore, weights of the gemstones are very much estimated. For accurate testing, weights, colour, and clarity gradings, the gemstones require removal from the settings. The below replacement figure is based upon crafting a similar necklet employing similar materials and techniques being for a retail insurance purpose only. This figure does not represent the previous selling price of the item and will not be indicative of the resale value of the item.

**Insurance Replacement Valuation \$4,720.00**

The total of the one item included in this valuation is Four Thousand Seven Hundred and Twenty dollars.

**Total Value = \$4,720.00**

These items were valued for Cash Converters

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
