The articles described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT ascertainable to any third person or party. Values expressed in Australian dollars (excluding GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures and systems advocated by that organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and the best of the valuer's ability. A diamond colour grading of 'F' (near White Flawless) is better and a clarity grading of 'Vvs' (near better), cannot be given to a valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the best equivalent of same carat weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not take any selling price into account and will not be indicative of the resale value of the item.
