The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Consideration has not been reserved from the settings for accurate assessment and all grades, weights, and dimensions are approximations, unless otherwise stated. While all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable in any third person's party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the Valuation Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organization. The values are based on the valuer's judgment of gemstone quality, including and mandala being given and are made to the best of the valuer's ability. A diamond colour grading of 'F' (near White Flawless or better and a clarity grading of 'Vvs' or better), cannot be given to a net diamond. A valuation of a natural diamond is based upon the gradings provided on the certificate. The replacement figure of value can diamonds is based upon the median carat equivalent of same carat weight, colour, and clarity. A valuation for Traditional-Retail Insurance Replacement does not indicate any selling or purchase price and will not be indicative of the resale value of the item.
