Valuation for Traditional Retail Insurance Replacement

Item 1

One necklet.

Fabricated from 21-22 carat yellow gold.

Constructed by hand and assembled.

Of a trace style linkage in a "faceted" design.

Linkage of solid construction.

Medium-sized asian 'S' style clasp attached.

Ring style end link sections.

Suspended from the chain is a pear shaped pendant depicting an asian style figure, and is finished with a hinged bail, to the top.

Polished finish.

Unstamped.

Acid tested as 21-22 carat gold.

Necklet dimensions = 89.50cm (length including clasp) x 2.68mm (ave. width).

Total Item Weight = 47.63 grams.

NOTE: This piece is believed to be of Asian manufacture and would be extremely difficult to replicate in Australia. The replacement figure is therefore based upon procuring from overseas a similar piece, allowing for precious metal content and minimum hours of manufacture.

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
