Certificate Of Sale

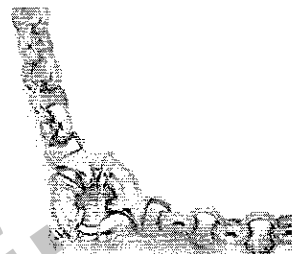

Dear [Redacted],

We would like to congratulate and thank you for your recent purchase from Prouds The Jewellers. As a team, we very much value your custom and we trust you will cherish your special purchase.

This Certificate of Sale provides an additional description of the item along with that which was printed on your receipt. It also states the retail replacement value of the item as per the original ticketed price.

Furthermore, this certificate also has transaction details which may assist you with any future servicing requirements but is not in its own right a substitute for your receipt as a proof of purchase. We encourage you to keep both documents safe and, above all, to wear your purchase with pride.
